

Youth Driven Tech Projects at UC Berkeley

Code 510 is a weekly after school space for middle and high school students to learn the fundamentals of coding and collaboratively build tech projects in their interest area- whether it's social justice, anime, or game design.

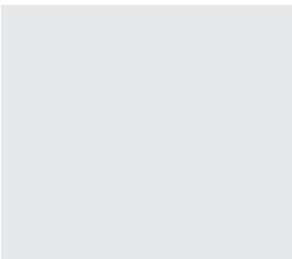

Students work with mentors from UC Berkeley's Computer Science department and School Information. Mentors provide support for a range of skills, including the following:

Web Programming

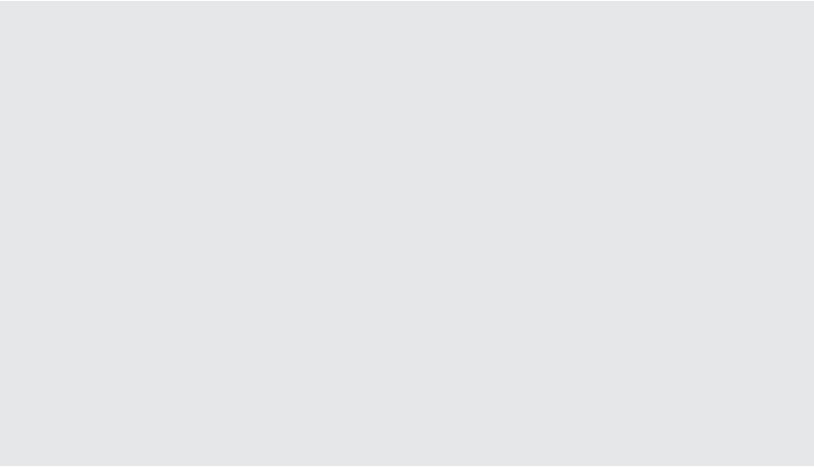

Design

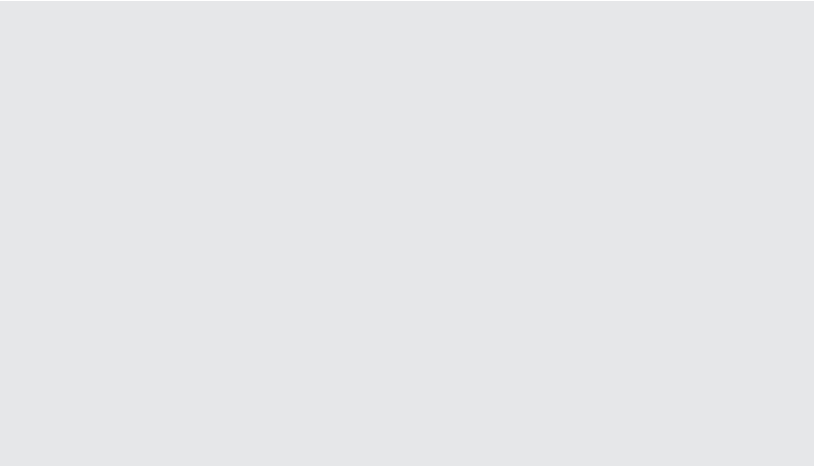

Game Making

Featured Projects:

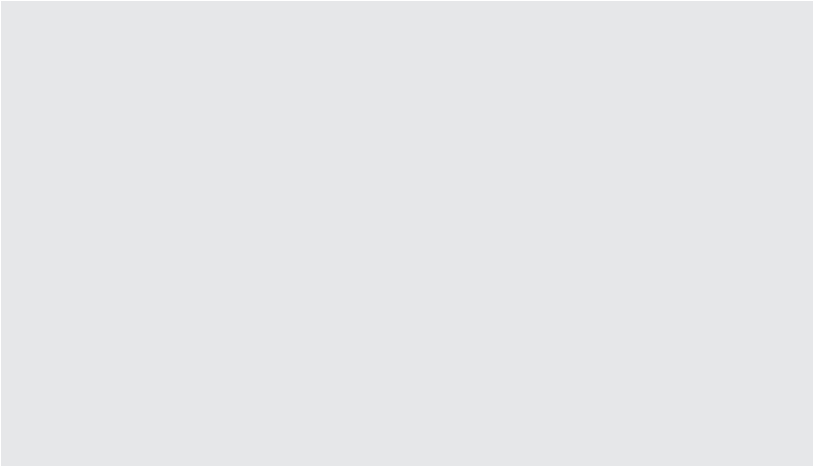

Elder's Tale

Jelly beans dragée soufflé caramels. Top-ping chocolate cake cotton candy oat cake.

Camino Contigo

Jelly beans dragée soufflé caramels. Top-ping chocolate cake cotton candy oat cake.

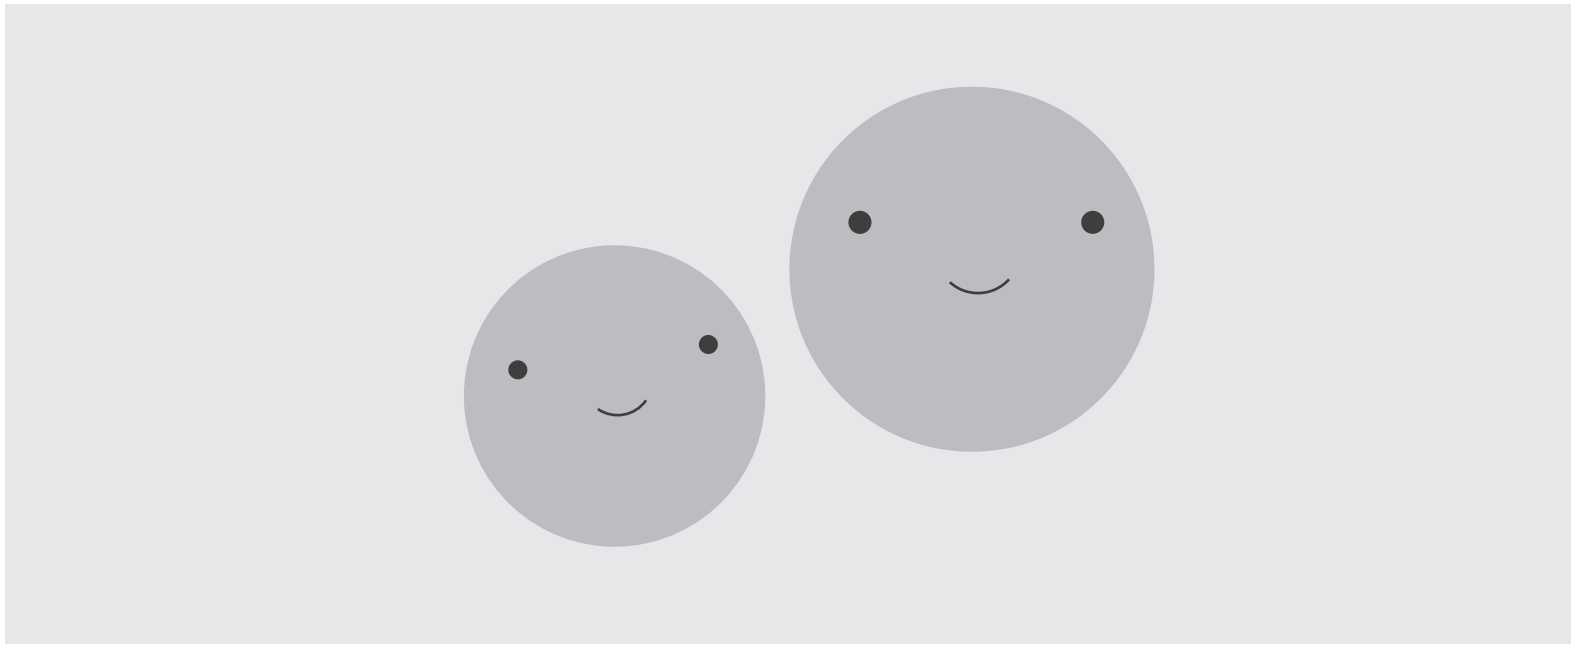

Potions site

Jelly beans dragée soufflé caramels. Top-ping chocolate cake cotton candy oat cake.
